

Eliminate Filter Mounting Worries! Maximize Filter Utilization!

Paint Pockets® **Zipper™**, **Zip-It™**, and other Accessories are designed specifically for use with Paint Pockets arrestors. The Zipper Mounting system Eliminates Spray Booth exhaust filter mounting worries while at the same time allowing you to get maximum utilization out of your Paint Pockets Overspray Arrestors:

- *Prevents Overspray Bypass around exhaust filters_(a).
- *Maximizes Filter Utilization by eliminating filter overlap and allowing for individual filter panel change-out_(a).
- *Easy-In (*Zips In*), Easy-Out (*Zips Out*).
- *Eliminates Sagging Filters_(b).
- *Minimizes Time and Effort of every changeout_(c).
- *Provides for Cleaner Filter Change-out process.
- *Zipper is Simple to Install.
- *Unique design protected by U.S. Patent No. 6,468,324 B1

- (a) Requires complete (per filter panel) perimeter Zipper Installation
- (b) Requires full top support minimum
- (c) Especially as compared to other full perimeter mounting systems

Easy In.....

Easy Out

Paint Pockets Zipper

In this world of ever increasing competitiveness, all manufacturers and spray finishers must maximize the value of all their purchased materials and labor while minimizing their risks of affecting the environment around them.

You cannot afford to throw away un-used spray booth exhaust filters nor risk the environmental emissions concerns and neighborhood liability issues of overspray escaping from your spray booth by bypassing your spray booth overspray filters.

You must look at every aspect of your operation, nothing is too small or potentially insignificant. The problem is; where do you go for help?

Make the move to Paint Pockets Zipper Mounting system and get that help!!

Prevents overspray bypass around filters

Eliminate Sagging Filters

No wrap-around at side walls, ceiling or floor and no overlap means less un-used (wasted) filter media.

Individual filter panels can be changed without disturbing adjacent panels so you don't have to throw away lightly loaded panels outside your spraying zone

Product Information

Part Number	Description	Packaging	Photo No.
PP-Angle-010	Bracket, Angle, 1-1/4" x 1-1/2" x 1-1/4" wide, 18ga.	10 per box	6
PP-Corner-001	Corner fitting, 18ga.	ea.	3
PP-Driver-001	Driver, Drill, 1/4"	ea.	7
PP-Middle-001	Middle fitting, 18ga.	ea.	4
PP-Screw-100	Screw, Bracket Mounting, #8x1/2" Self-drilling	100 per box	8
PP-Strap-010	Strap, Flat, 1-1/4" x 2-1/2", 18ga.	10 per box	5
PP-ZipIt-001	Tool, Insertion, Filter roller	ea.	2
PP-Zipper-004-001	Channel, Filter Mounting, 4 ft. Long	ea.	1
